

Letter from the Chamber Chairman

The weather sure has led to good conversation here lately. With the temperatures up and down and storms one after another. The folks down in the southern part of the county spent a weekend without electricity and had to find other ways to keep refrigerators and freezers cold and ways to keep getting water. Under the circumstances, I have heard some nice stories about friends and neighbors coming together helping one another and businesses helping other businesses. I personally liked it that my kids had to find other things to play with outside beside the computer and television.

The Rib Fest was a great success. A big pat on the back to all of the committee members who worked hard to make it a great event for the county. At final count, attendance was about the same as last year. Thanks to all of the vendors for their hard work preparing the ribs, it sure smelled great walking around Downtown Napoleon. I hope everyone that attended had a great time and if you have any comments or suggestions please let the committee or Joel know so we can start preparing for next year.

I would like to welcome our two new members to the Chamber - Tomahawk Printing (Turkeyfoot Printing) and Car Smart. If you get a chance to stop by, be sure to welcome them to the Chamber. If anyone knows of a business that wants to be a member or would like to find out what the benefits are to becoming a member please give Joel or Carol a call and they can fill them in on what the advantages are of being a member.

With it being summer time, now is the time to get the many projects done before winter. Be sure to check out your local stores first. They have many things to offer and have that great Henry County friendly smile. There are many businesses in Henry County and we need to help support one another.

Remember to shop Henry County,
Chairman Steve Thomas

Napoleon/Henry County Chamber Board of Directors 2008
