Get Informed on How the “Healthy Families Act” Could Hurt Your Business

Ohio is facing a potential ballot issue that could hurt your business. The Service Employees International Union (SEIU) is currently readying for the ballot the deceptively named “Healthy Families Act”. The SEIU’s proposal would force any company with 25 or more employees to provide seven paid sick days annually. Part time employees would receive a pro-rated amount. The SEIU has until early August to raise an additional 120,683 signatures from registered voters to get this issue on the ballot. It will take a concerted effort by the entire business community to defeat this issue, your help is needed. Visit the OhioBusinessVotes website on this issue at www.ohiobusinessvotes.org/Mandates08/Home.htm to learn more facts and get involved.

This ballot issue could send jobs and companies out of Ohio.

Chamber Golf Outing A Fun Success

24 teams of golfers hit the links on Thursday June 12th to have a good time and support the Napoleon/Henry County Chamber of Commerce. The winning team from **First Federal** of Mark Ferris, Pat Rothgery, John Johnson and Tony Johnson played extremely well and took the title on a warm afternoon.

The Chamber would like to thank our Sponsors:
