

Letter from the Chamber Chairman

As I write this, Henry County is looking at another day of snow and no school.. I know my drivers are getting tired of the snow and then rain and back to snow...the cold and warm days. The weather is like a yoyo - welcome to March. I keep telling them Spring is around the corner, just trust me. I think that is what scares them when I tell them that.

The board regretfully accepted the resignation of Chris Chamberlin at our February meeting. Chris has been extra busy with having three stores and with the time commitment required to build them up and keep them moving forward - it was something he had to do. However, he has committed to staying on with the Chamber's Downtown Committee. Thanks Chris for being on the Board and thank you for your time given to the Chamber.

The new 2008 Tourism brochures are out and they look fabulous. If you get a chance to stop in the Chamber office to take a look at the brochure, pass the word along about the brochure. Plus, a note to the to the Tourism Committee – thanks for the hard work that you all put in to it, nice job.

It was nice to see the new web site designed to help fill vacancies in downtown Napoleon. Go to www.developnapoleon.com and take a look at the great web site for anyone looking to bring their business to downtown Napoleon. I want to remind everyone that this is just a start to get things rolling on bringing new business to Henry County. The committee had to start some where and they thought to start with the county seat. The group hopes to someday broaden it out to other communities. If you have any questions please give Director Joel Miller a call.

Remember shop Henry County.
Chamber Chairman Steve Thomas
